# Gazebos

A Jacuzzi gazebo or pergola transforms your spa into a private oasis of relaxation, rejuvenation and pleasure while sheltering you and your family from the harsh elements of the outside world. Jacuzzi offers comprehensive and diverse gazebos and pergolas in various sizes, designs and colors, ideal for any hot tub owner. For all gazebos and pergolas, refer to the chart on the back of the catalog for part numbers.

## GAZEBOS

### 1. Las Brisas Synthetic Gazebo

Louvered windows are on 2 sides of the Las Brisas. A wide, open entry area is in the front and a bar section is on the 4th side. Metal roofs are powder-coated to prevent rusting and are available in 2 colors, Red (R) and Gray/Green (G). Smoky-ash colored skylight. Gazebo base is available in: 10' x 10' (3.0 m x 3.0 m) and 10' x 12' (3.0 m x 3.7 m) in 3 colors, Red (R), Gray (G) and Blonde (B). Gazebo base and roof are ordered separately. 24" (61cm) synthetic stools are also available separately.

## 2. Lattice Wood Gazebo

The 8' x 8' (2.4 m x 2.4 m) Latticed Gazebo is made of 100% Redwood. Designed for beauty and economy this gazebo is ideal for smaller and round hot tubs. Latticed panels surround the gazebo on 3 sides with an open entry area in the front. A lattice, slatted roof is included. Colors available are Sierra (S), Coastal (C) and No Stain (N).

## 3. Solara Synthetic Gazebo

The wide-louvered Solara Synthetic Gazebo is 8' x 8' (2.4 m x 2.4 m) and available in 2 colors: Red (R) and Gray (G). Heavy wide-louvered windows are on two sides, an attached bar on a third side and an entry is on the 4th side. Includes 3 heavy-duty stools for the bar.

## 4. El Cajon Synthetic Gazebo

The El Cajon is a fully enclosed synthetic gazebo featuring 4 walls with smoky-ash sliding windows. A 2-panel door in the front includes a lock and keys to ensure privacy. A powder-coated metal roof showcases a skylight. Gazebo base and roof are ordered separately. Gazebo bases are available in 10' x 10' (3.0 m x 3.0 m) and 10' x 12' (3.0 m x 3.7 m) in 3 colors, Red (R), Gray (G) and Blonde (B). Metal roofs are available in 2 colors, Red (R) and Gray/Green (G).

## 5. Lattice Wood Gazebo

The 10' x 14' (3.0 m x 4.3 m) Lattice wood gazebo is 100% Redwood. The 14' side features an opening and a bar section for refreshments, towels and toys. Three sides are enclosed by lattice paneling. A powder-coated metal roof is included as well as 2 wood stools. Perfect for backyard entertaining, this 10' x 14' wood gazebo has enough room for tables and chairs as well as a hot tub. Colors available are Sierra (S), Coastal (C) and No Stain (N).

## 6. Enclosed Wood Gazebo

The 10' x 14' (3.0 m x 4.3 m) Fully Enclosed Wood Gazebo is the ultimate in backyard rooms. Able to fit a hot tub and tables and chairs, this gazebo is enclosed to allow privacy. You deserve the best water. Our offering of filters, sanitizers, ozone systems and cleaners ensure that each immersion in your hot tub is an encounter with water purity perfection. Pamper your skin with our reliable, easy to use products.

## OZONE SYSTEMS

### 1. Ozones

Ozone is the most powerful oxidizer available. Corona Discharge (CD) produces ozone that instantly destroys bacteria from your spa water, preventing unwanted residue in your spa and minimizing sulfur odors. The ozone systems reduce the need for chemical sanitizers and are designed specifically to be compatible with our control systems. The ozone-ready plumbing system exclusive to all Jacuzzi hot tub models manufactured 2005 and later is uniquely designed to provide the maximum amount of ozone concentration using our CD units. Refer to chart on the back of the catalog for suggested Ozone System for all spa models and electrical requirements.

6473-122: 110V CD Chip Ozone, 35 mg

6473-123: 110V CD Ozone, 50 mg

6473-124: 220V CD Ozone, 50 mg

6473-125: 220V CD Ozone, 250 mg

6473-126 : 220V CD Chip Ozone, 35 mg

20076-001: J-480, J-470 Bag

6540-496: J-460 Bag

### 3. ProClear Mineral Spa Sanitizer

The ProClear mineral spa sanitizer is an alternative to chlorine when used in combination with MPS. The ProClear cartridge snaps into the filter lid hot tubs manufactured in 2005 and later. It reduces potential for unpleasant odors and scum lines. ProClear spa sanitizer can be used with your ozone system and lasts up to 4 months. Not available in Canada or Europe. ProClear requires only a small maintenance dose of non-chlorine oxidizer and should not be mixed with Bromine and bromides. The ProClear cartridge is not compatible with Biguanides such as SoftSoak™ or Baqua™.

5

6

#### 5. ProClear System (J-300 Series)

Delivers the ultimate in pure water. Two 60 sq. ft. SmartFilters drive the system. One filter is dedicated to the 24-hour circulation system pump, turning the water over an average of 25 times each day. The second filter works during normal use for maximum purification. The SmartFilter has a unique SmartCartridge that clicks on to the twist off cap of the filter. Simply twist open the filter cap, insert the SmartCartridge for use with the scentscollection™ aromatherapy tablets, Bromine tablets or, click on the ProClear Mineral Spa Sanitizer.

6000-383 Filter with removable cap

#### 6. ProClear Micro Filter Cartridges

The ProClear II (standard on J-400 Series) and ProClear Micro (upgrade for J-300 Series) filters contain Microban™, an antimicrobial agent that inhibits the growth of bacteria that can cause stains, odors, and fouling of the filter. It is an integral part of the filter media. It will not wash out or degrade. It will remain active during the life of the filter.

#### 8. Spa Vacuum

The spa vacuum removes sand and other debris from the inside of your spa. Included attachments are a slide-on brush, wide-end nozzle, a skimmer, and dual-end nozzle. Wall Mount also included.

6473-011

#### 9. Nature2 Test Strips

The Nature2 test strips are easy to use. Simply dip the test strip in your spa water, swirl 3 times, and read levels immediately. The test strips measure levels of monopersulfate (MPS), alkalinity and pH.

6473-286

9

10

#### 10. MicroFiber Pre-filter

The Microfiber disposable filter reduces total dissolved solids (TDS) from your water and increases the quality of your spa water. Our Pre-filter is 90% efficient and removes the following contaminants: dirt, sediment, rust, and calcium. Attach the pre-filter to the end of any garden hose and begin the fill... easy & simple! One

pre-filter is good for 1200 gallons or 2-3 fills.

# Scents Collection

## JACUZZI® SCENTS COLLECTION

Aromatherapy has come to Jacuzzi Hot Tubs! Tablets designed to fit into the chemical/fragrance dispenser encapsulates long-lasting fragrance that are released in the air only when the water permeates the tablet. Available in 6 delightful scents, eucalyptusmint, lavenderfields, hawaiianblue, tropicalrain, honeymango and greentea.

### How it Works:

The scentscollection uses nanotechnology, the science of using very tiny particles, such as microspheres. Encapsulated in a tablet, the microspheres or beads are bursting with fragrance.

Simply drop a tablet into the fragrance/chemical dispenser included with each hot tub's warranty pack. Snap in the fragrance/chemical dispenser into the jet pump filter lid of Jacuzzi hot tubs manufactured in 2005 or later. Turn on the jet pumps and when water comes in contact with the tablets begin to experience aromatherapy in your Jacuzzi hot tub. (For aromatherapy dispenser filter lid, please see page 14, item #5).
